## **WHAT IS AN ANGEL READING?**

There are many different ways in which someone can give Angel readings. Some people will look at oracle cards, and write to you or tell you what the card says, and that is that.

Others will tell you what they can sense from the energy of the Angels around you.

Others can use their intuition and 'feel' the energy of your soul, and the Angels working with you.

There really is no right or wrong way to do this, it is all a matter of personal choice, but I will tell you how I do things, so you will know what to expect, if you are having a reading with me.

Generally, a client will give permission for me to tune into their energy, by requesting the reading. I personally love to connect with your personal angels, and I ask that my Angels and your Angels connect, to bring the message that is relevant for you.

Sometimes there is one particular Angel that stands out for you, and other times there is an overwhelming abundance of Angels, who wish to be heard. However, there is usually a 'representative' Angel, who will work with my own Angels, so the message comes through strong.

You may ask one, two or three questions or more, depending on the reading, and these are directed at the Angels, and the answer comes back to you, through me.

It is most important, that you understand, that **YOU CAN DO THIS YOURSELF!** I never wish to appear as though only I can do this, or connect with Angels. If you are not ready yet, over time, and with patience, you will find that you are able to sense the Angels words of advice, and perhaps you will also be able to pass messages on to other people.

In fact, one of the best ways to feel comfortable with Angel messages is to give messages to other people-either with writing, speaking, or even through music and sound!

Every single soul is multi-talented, and gifted-and every single person has thousands of guardian angels with them at all times.

If you have not connected with yours yet, the readings can offer you a deep connection and you will feel the love!

I also offer a special message that is channelled by me, from the Angels, or perhaps and Archangel that is working with you and this is something beautiful that is especially for you & your circumstances.

One thing about the Angelic readings is that, it is not something that can be a 'fortune teller' type of reading. This means, if you are asking for specific dates, times, names, etc. it may not be something for you.

The Angels will not limit you with these things, as they can see that anyone's future is of their own making, and not set in stone. You always hold the power, to change anything in your life!

With my own intuition, I can give you a sense of what I see for you, but again, it is not wise to give concrete information like this.

For example, if you were to ask what your next partners name is, and I said, "Michael" you may miss opportunities for your growth, by omitting people who are not called "Michael".

In fact the name "Michael" may be a part of the name, or even the last name, but because you are set on "Michael", and nothing else, you may feel let down, and confused when this does not come about.

It is always wise, to keep an open mind, and take the guidance as just that-guidance, that is relevant to you, in your life, right now.

Angel readings, by myself, are done via email, on video, or sometimes in person. I do however reach a larger group of people

by offering readings via email. I have found that as I am writing, more and more information will start to flow-especially if you are open to it!

## **HOW DO YOU PREPARE FOR A READING?**

As discussed above, it is very helpful if you are open to it-this means, that you are asking that your guardian angels, Archangel Michael, God, Jesus or whoever you feel comfortable with, to protect you, and allow your Angels, and my Angels to talk.

You just need to clear your mind, take some deep breaths, and affirm something like:

*“I now have all my Angels protecting me, and allowing the most benevolent information, for me to hear, to flow right now”* or

*“Thank you Angels, for allowing your messages to flow and for protecting me along the way. I am open to receiving guidance, which is for my highest good right now”*

It is also helpful, to let go of any ‘expectations’ and trust that the message will be relevant and helpful to you, as a soul, at this time.

Some people like to light a candle, and sit quietly to clear the mind, before having a reading, and this is also beneficial.

If you are choosing to have a reading with me, I feel that you have been guided by the Angelic Realm, and I feel very honoured to be able to help, in whatever way that I can!

Most importantly, just relax! Listen to your feelings! You may decide that, right now is not the time for a reading, and this is fine! It may be that the answers that you seek are revealed to you.

Always trust your feelings no matter what.

## **ANGELIC ATTUNEMENTS:**

Angelic Attunements are a deeper connection to the Angelic realm. It can be done by yourself, at any time, but most often, it is something that you will request help with.

This is done most likely, so that you can relax through the process, and feel a stronger energy. In a sense, it takes you out of the way, allowing the energy to pour in, without restriction.

The Attunements are just that-tuning you in more deeply, with the Angelic realm. Some of you have a particular area you wish to have extra assistance with.

It may be music, joy, abundance, love or spirituality, for example.

Having Attunements, means, that you as a soul will feel more connected, and that part of you, which you feel is lacking, will be enhanced!

The Angels do the Attunements-I am just a conduit of energy, to help this flow to you quickly. It is all done via distance, and generally I will make a time with you, for this to take place.

As with Distance Healings, the energy comes, when you are ready to accept this. It does not matter where you are in the world, or what time it is, the Angelic energy comes!

I have found, that the best time to receive the Attunements, or healings for that matter, is when you are about to go to sleep or sleeping. This brings an uninterrupted flow of energy, without thoughts interfering with the process!

When you wake, the Attunements will have taken place, but I do offer 'boosts' of energy, for the next 4 weeks.

The reason being is to keep the energy strong, and to allow you to really get used to the changes in yourself.

## **WHAT WILL HAPPEN TO ME AFTER ATTUNEMENT?**

Each person may experience different things. Most commonly, there will be a time soon after your Attunements, when you will have some emotions come to the surface, or issues to deal with.

You may experience times of great joy that ends in tears, as you as a soul, begin to lighten your load. There may be nothing at all felt for a few days or even two weeks, and then you will begin to notice things changing for you.

Please do not ignore any 'symptoms' of physical ailments, which are not related to the Attunements at all. In some case, some people experience slight dizziness, stomach aches, or body tiredness, but this is just temporary, and if it lasts more than 24 hours, is not something to ignore. Your Attunements, are dedicated and adjusted to you, and you will have your own way of reacting to it.

You are always in control! Ask that you are given signs, which will show you what is happening! Remember, now that you are attuned to the Angels, this will happen more and more, and become more refined and powerful as you go on.

You also have the power and ability, to lessen any powerful connections, if you are not sure. Simply ask:

*"Dear Angels, please allow this energy to come to me slowly"*

It only needs to be as simple as that.

If you are open, and truly wish to have a deeper connection with the Angels, and your abilities, via Attunements, then this will be the greatest shift in your spiritual journey- and YOU are the one who has done this- I will have just helped you, to help yourself.

If you have asked for a specific area of your life, to become more attuned to the Angels, you will begin to see that you are inspired like never before to do those things wholeheartedly.

Each person, who receives an Angelic Attunements, will also have the whole body attuned to the Angels.

This means, that you will begin to write with the Angels, see, hear and feel the Angels more closely. Your abilities will awaken, as will any specific area of knowledge or spirituality. How fast or slow this occurs, again is up to you.

The Attunements are as powerful as needed for you personally- each one is made to suit you since you have already asked the Angels to assist you, and guide you. Please do this before having any Attunements, healing, or reading for that matter! You will then feel much more at ease, because you know that you are angelically guided and protected.

As part of this Angelic Attunements, I shall send you any messages that the Angels have for you, along with name or names of the Angels who assisted you in this process.

These will be the Angels who you can ask to help you, and they each bring with them the energy of thousands of Angels!

Again, this is a process that you initiate, the Angels perform, and I act as a conduit of energy, for you.

This is how I work with the Angels for readings and Attunements. Everyone has a different way of doing things, but through experience, I have noticed that this direct way for Angel readings and Attunements works best, and spreads far greater distances.

Please always go with how you feel! If you are uneasy for any reason with me or any other spiritual teacher, listen to this! You may not be ready as yet, and this is fine. It is always wise to be completely ready, and completely sure of this or any other reading or Attunement.

## **SPECIAL NOTES ABOUT ATTUNEMENTS:**

As we are all becoming aware, there are all kinds of people on the internet, promoting their business-especially in the Spiritual field. Each person has their own idea of what they think is right, and wrong, and some do make outlandish claims, and also charge you a lot of money, to rid you of all kinds of things.

Please be careful of those who charge you hundreds of dollars, to remove a spell, curse, voodoo, or the like. They may tell you, that you have to pay a weekly or monthly fee to them, or else you are doomed. This is simply not true-anything negative grows with fear, just as positive light grows with positive thoughts. You are always in control of what is happening to you-you can choose fear or you can choose to ignore anything that makes you feel this way, and replace it with light and love.

You should always feel calm, at ease and happy with what you pay.

I only ever charge for my time- not for the healings, readings, Attunements etc. themselves. All prices and readings are charged, a set price based on, the time it takes me to do them for you. Although some of my readings take much longer than expected, I charge what I feel is a fair price for everyone. I will never charge thousands of dollars, or expect you to pay for anything other than what is agreed upon.

Please take care, with purchasing readings, that you always know what you are getting, how you are getting it, and when you will get it!

## **FREQUENTLY ASKED QUESTIONS:**

### **Will I need Attunements again or can I get multiple Attunements?**

After the Attunement, you will not need another one.

Some of you may choose to have another one, because you may feel more ready to accept it, or you are just wanting to be sure, or you feel that another boost is required, for your own reasons.

In this instance, the Attunement will be with another Angel that will be for a different life area. The initial Attunement will still stand, that is, the Attunement for the whole body.

Multiple Attunements should not be done all together, however, two may be done, at least a week from each other.

You can have it together, if you choose, but in my experience I find that one at a time is a lot of energy, in itself, and you need time to fully adjust to this new energy.

Whilst it is fine to have multiple Attunements, it should be done over time. Sometimes a person waits a week or so, and does not need a further Attunement for a while, or at all.

I do ask that with each Attunement that you have, that you only pay for one at a time, to avoid spending, where unnecessary!

## **Will the angels enter my body or invade my privacy?**

The Angels or I for that matter cannot do this and will not do this.

If you are wanting to “channel” Angels, for example, then you are giving permission for the Angels to step into your auric field. In some cases, the Angels step into the physical body.

This can NOT happen, if you have not asked for it to happen. You are always protected from this. Everyone has free will, and this means, that the Angels cannot do anything at all, unless you give permission.

If you do choose to channel Angels, it is wise to do this only when you are truly ready, and when you have protected yourself.

When you have an Angel Attunement, the Angels are working with your energy, and also around your Aura. They will at times come a lot closer to you, if you allow this, to concentrate the energy that you feel. Once again, you are in charge of the whole thing.

They will never invade your privacy either. They work with you on an energy level, when requested. If you are feeling threatened in any way, be sure that you have asked God, and Jesus (or who you look to as source and pure energy) to escort any lower energies to the light immediately.

Remember, there is nothing to fear, but fear itself.

## **I have never had a reading-will this still work for me?**

The readings and Attunements do not require you to be an expert, or even know anything about Angels at all.

All that is required is willingness for change, and the opening of guidance in your life.

Readings are never the same twice, and not for everyone.

I do feel, that everyone benefits in some way, since it is something that you have been drawn too, or have wanted to do at some point in your life. If you are open to guidance, it will always flow. If not, there will still be a message for you, but maybe this will reflect this fear and address why this may be happening.

It is best, to only have a reading if you want it for yourself. Some people will buy readings for other people- I do not suggest that you do this, unless you have and I have their permission.

This is vital, and the only way that I will do readings. You have to want the reading, for it to be done for you.

If at any stage you feel that you are being 'pressured' into a reading, please don't buy it.

The readings should always come because you really feel you want it.

## **Can you tell me if I will win the Lottery?**

It is never wise to do this, or tell people anything that will mean it is carved in stone. However, I can suggest lucky numbers for you, and any advice the Angels have regarding the matter.

In reality, there is a possibility, that anyone can manifest millions of dollars and quite possibly, it could come from a winning ticket.

If you are told you are going to win the Lottery, but never buy a ticket, then how can you win? If you think you will never win anything, you are blocking this with negative energy.

So, although I have seen masses of amounts of money coming to people, it will always be something that is said with caution. The Angels will never limit you to sums of money-they will not give exact dates, or times, but instead, encourage you to feel abundant in all ways at all times. Thus, the message for you, may be, to manifest things with your thoughts without limits on how much, when where or how it will come about. This alone brings abundance in full force!

It is not easy to think in abundance, when you see little evidence of it. The Angels then, will show you ways in which to relax about life, and trust that everything always takes place for the most benevolent outcome for all.

## **What questions should I avoid?**

It is wise to avoid asking questions such as, legal, medical, pregnancies, or questions that relate to spying on someone else.

Just for example.

Any questions of a negative nature will not be answered-at least not by me. However, there are some things that you may be worried about, that are negative in nature.

I will do my best to help you! However, it is best to remember, that Angel readings are only intended as guidance into any matter, and it is always up to you, how you take the advice.

Questions concerning another person must be asked with caution. I can see how someone is affecting you, but cannot tell you what someone is thinking, for example, without permission. I can however, intuitively pick up 'vibes' about the other person, but, the questions should relate to you, for best results.

In short, every person and every reading is unique. There are always exceptions to anyone and their situation. After I have known you for a time, for example, you may feel comfortable talking to me about issues, of more delicate nature, in which case, I will do my best to help- by then, you would understand how the readings work, and feel comfortable with them.

I just ask that before requesting a reading that you have thought about what you are asking, before you commit. This should be the same, for a reading with anyone that you choose. It is wise, to be totally sure, before you have a reading, and if in doubt, wait, and the solution may come to you.

## **How many readings can I have?**

You can have as many readings as you like-however, if you are asking the same type of question, it is important, that you leave at LEAST 2 months in between. The energy needs time to unfold in your life, and many decisions can alter how your life goes.

Keep your questions different, if you intend to have multiple readings for best results.

If you ask the same question, to many different people, you may sometimes confuse yourself, more than you receive help!

Try not to fall into a pattern of 'panic' but instead, learn to trust your intuition, and ask for Angelic assistance along the way.

As I know in my own experience, asking multiple readers the same thing, never really satisfied me, or gave me the real answer. It always lay within me, to choose my own destiny. This totally applies to everyone.

Your choices have a ripple effect on the World, and others, as do other peoples choices, have an effect on you.

## **Are readings evil?**

Not at all! It is only guidance to help you on the journey of life!

There are all kinds of people who give advice on a daily basis- their INTENTION is to help you, and give guidance where required. If there is something evil in that, we all would be in a lot of trouble!

But, there are some people, who have negative intentions, in the advice that they give- this is why, you should always be sure, that you feel comfortable with any type of guidance or readings, as this is called.

I believe that what I put out into the Universe is always brought back to me, 10 fold. It would therefore be unwise to bring any 'evil' into my life, or the lives of others.

As a spiritual guide, readings, advice, guidance, card readings, Attunements, teaching, writing and such, are all ways in which I feel, is my calling to help humanity. It is not for everyone, nor is everyone in need of it, but, my INTENTIONS come from a loving place, and I do believe in God, the source of all, and Jesus is indeed, my master guide.

My guidance is never anything other than love based, and without judgement. Unconditional love is the biggest message. Always use your own discernment, when requesting readings, from anyone.

I thank you all for taking the time to read this mini e-book in its entirety. I hope that this helps you to understand, this particular reading, or in fact Angel readings and Attunements in general.

I am looking forward to working with you, when you feel ready one day.

Keep on the lookout for further mini-eBooks, which will be FREE!

Blessings and eternal light to all of you!
